Letha Mathews, M.D.

Interim Chief, Neuroanesthesiology

Associate Professor of Clinical Anesthesiology
Vanderbilt University
Nashville, Tennessee

Richard P. Moser, M.D.

Neurosurgeon

University of Massachusetts Memorial Medical Center
Worcester, Massachusetts

Course description

The Emergency Neurological Life Support (ENLS) Course is designed to help health care professionals improve patient care and outcomes during the critical first hours of a patient's neurological emergency. ENLS demonstrates a collaborative, multidisciplinary approach and provides a consistent set of protocols, practical checklists, decision points and suggested communication to use during patient management. Content includes emergency management of traumatic brain and spine injury, hemorrhagic and ischemic stroke, and much more.

The Neurocritical Care Society will award continuing education credits to health care professionals who successfully complete the online certification exam. After participants pass the exam, they may download the completion certificate from the ENLS account and collect a total of 15 continuing education units (CEUs) for the course. CEUs are provided by Ciné-Med Inc. and the Neurocritical Care Society and are accredited by the Accreditation Council for Continuing Medical Education, Accreditation Council for Pharmacy Education, American Nurses Credentialing Center and Commission on Accreditation for Prehospital Continuing Education.

Fees

Norton Medical Group and Norton Cancer Institute employed providers

Physicians: \$200

Nonphysicians: \$125

Students: \$100

Nonemployed providers

Physicians: \$250

Nonphysicians: \$175

Students: \$150

Fee includes course materials, electronic access to materials, breakfast and lunch.

Registration is required. To register, call **(502) 629-1234**, option 2.

Withdrawal prior to Aug. 31 will result in a \$25 administrative fee deducted from the refund. After Aug. 31, no refunds will be given.

Course schedule

7 a.m.	Registration and breakfast
8 a.m.	Introduction to Emergency Neurological Life Support <i>Shaheen Shaikh, M.D.</i>
8:15 a.m.	Traumatic Spine Injury <i>Richard P. Moser, M.D.</i>
8:50 a.m.	Spinal Cord Compression <i>Richard P. Moser, M.D.</i>
9:20 a.m.	Approach to the Comatose Patient <i>Letha Mathews, M.D.</i>
9:55 a.m.	Coffee break
10:10 a.m.	Acute Onset Weakness <i>Shaheen Shaikh, M.D.</i>
10:40 a.m.	Traumatic Brain Injury <i>Richard P. Moser, M.D.</i>
11:10 a.m.	Increased Intracranial Pressure Monitoring and Intracranial Hypertension <i>Wiley R. Hall, M.D.</i>
11:40 a.m.	Status Epilepticus <i>Letha Mathews, M.D.</i>
12:10 p.m.	Lunch
12:40 p.m.	Ischemic Stroke <i>Wiley R. Hall, M.D.</i>
1:10 p.m.	Airway Ventilation Sedation <i>Letha Mathews, M.D.</i>
1:45 p.m.	Subarachnoid Hemorrhage <i>Wiley R. Hall, M.D.</i>
2:15 p.m.	Coffee break
2:30 p.m.	Intracerebral hemorrhage <i>Wiley R. Hall, M.D.</i>
3 p.m.	Resuscitation After Cardiac Arrest <i>Shaheen Shaikh, M.D.</i>
3:30 p.m.	Meningitis and Encephalitis <i>Wiley R. Hall, M.D.</i>
4 p.m.	Pharmacotherapy <i>Shaheen Shaikh, M.D.</i>
4:20 p.m.	Questions and answers <i>Shaheen Shaikh, M.D.</i>
5 p.m.	Adjournment
